

Customer Testimonials

Community Service Group

“Recreation Unlimited provides the perfect setting for our event. The spaces are large, yet flexible, allowing us to learn as large group and discuss in our breakout teams. The gymnasium and outdoor spaces provide an excellent place for activities like “energizers”. The accommodations are clean and comfortable. The Recreation Unlimited team does a fantastic job of facilitating the challenge course. It has been such a pleasure working with Recreation Unlimited over the last four years and look forward to many more successful events.”

Health/Medical Needs Group

“This was our first year at Recreation Unlimited after having held our camp at another camp for the last 30 years. We couldn’t have been happier with the transition. The Recreation Unlimited team was tremendous, going above and beyond to accommodate the medical and recreational needs of our campers. The kids loved this location and are excited to come back again for next year’s camp.”

Special Needs School Groups

“Recreation Unlimited is an amazing place where we can work on academic concepts with our students, while they participate in outdoor activities that they may not have the opportunity to experience elsewhere. We look forward to going every year.”

*“Thank you so much for letting us come to camp! Our students had a BLAST! They love coming every year and getting to do something new! I love seeing them come out of their shells and explore the world around them! We had one student who never talks or interacts with others and he loved catching the crawdads and talked with everyone in the stream to show them what he had caught! **Thanks so much!**”*

Disability/Medical Needs Group

“Recreation Unlimited gives a chance for our campers to forget about their disability and focus on just having fun at camp. Recreation Unlimited is dedicated to making everything accessible for campers to have the best camp experience. Camp at Recreation Unlimited has been described as the best week of the year for our campers.”

School Group

“Recreation Unlimited has been a part of our curriculum for the past 20 years. Our sixth grade students attend an outdoor education camp there each year. The staff is friendly, caring, and available to us every year. Our students enjoy the facilities, staff, and outdoor atmosphere at Recreation Unlimited. This class trip is a favorite of students and one of the highlights of their school career! We enjoy everything about Recreation Unlimited!”

Community Leadership Group

“Our non-profit organization has been a Recreation Unlimited customer for over 15 years. The Recreation Unlimited team has consistently worked with us to make our time at Recreation Unlimited enjoyable, comfortable and affordable. We value the friendship and working relationship with our contacts at Recreation Unlimited and look forward to returning year after year.”

Government/Outdoor Groups

“We have used Recreation Unlimited for over 15 years for various functions including workshops, meetings and conferences. Their team has always been accommodating, professional and willing to work with us on all aspects of our functions. We will continue to utilize their facility for years to come.”

“We've been holding our Resident Outdoor Education program/camp at Recreation Unlimited for 20 years. We love it!! The R.U. staff (program, food service, administration) has always been wonderful to the kids, counselors, and teachers. The facilities are top-notch; the outdoor class space, dining hall, evening activities or programs, cabins, athletic areas, lodge, lake area, etc. never disappoint. Our kids are always sad to go home and graduating seniors always list their camp experience at the top of their academic career list.”

Corporate Team Building Group

“Our team found it to impactful, impressive and meaningful. We have been strong advocates for Recreation Unlimited and the work you do for quite some time...this experience adds to that, and, independent of your core mission, ends up to be quite an extraordinary learning opportunity, both on a professional and personal level. The quality of the program was top-notch and your facilities leave nothing to be desired. In addition, your team did a fantastic job of keeping our group engaged while trying some exciting and even challenging activities. All of our participants came away from the event with a renewed enthusiasm for their work and, I believe, a better appreciation for their co-workers and the difficulties we all experience in balancing our busy lives.”
