If you are interested in hands-on experience, while gaining training and development that will enhance your education, paid positions are available that include room and board and other incentives. Recreation Unlimited is a place where you will learn from each other and learn from our campers with disabilities. It is a life changing experience, where you can be yourself and feel valued while you help others.

Going swimming everyday in our heated pool is the highlight of the campers week. They love splashing and playing with our staff and jumping off the diving boards.
